About GUET

Located in the world-famous scenic tourist resort and historic city of Guilin, jointly sponsored by the Ministry of Industry and Information Technology, State Administration of Science Technology and Industry for National Defense and the government of Guangxi Zhuang autonomous region, Guilin University of Electronic technology (GUET) is one of the chosen universities of National Basic Ability Construction Project of Western and Central China, and the key public university of Guangxi featuring electronic information technology and innovation and entrepreneurship education. GUET owns four campuses: Jinjiling Campus, Liuhelu Campus, Huajiang Campus, and Beihai Campus. Huajiang campus, as the main one, has a beautiful picturesque landscape with a total planned construction area of 4,000,200 square meters, among which 2,800,000 square meters has been constructed. As a result, Huajiang Campus gets the honour of the first National Civilized Campus.

Five Reasons to Choose GUET

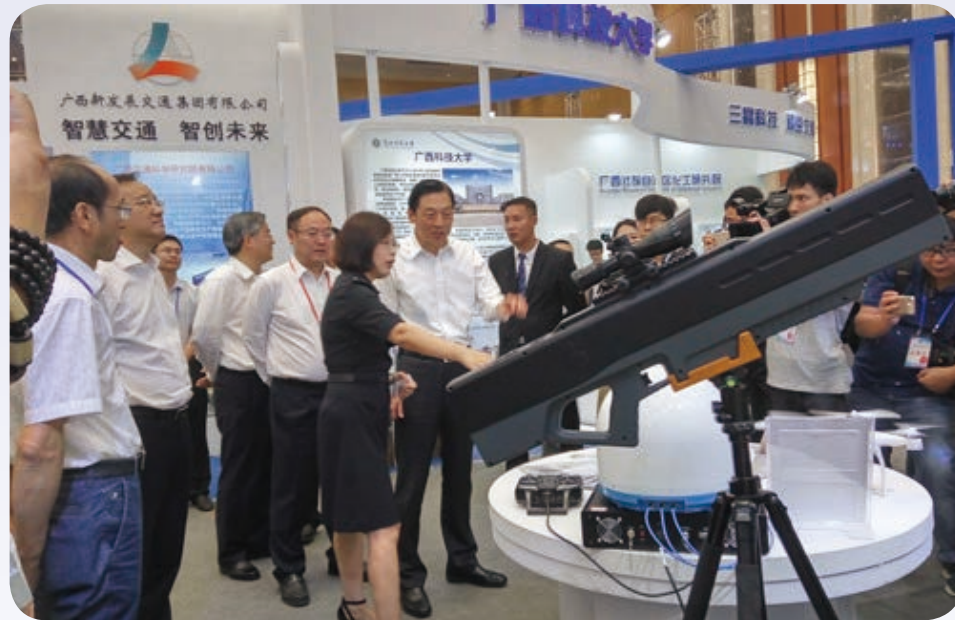

Five Reasons to Choose GUET

Guilin, a world-famous scenic city and a holy land of wisdom for thousands of years, is approved by the national Council as China's opening-up international tourism city, national tourism innovation and development pilot area and international tourism comprehensive transportation hub. It is one of the first batch of national historical and cultural cities and the earliest cultural and educational center in Guangxi history. With the world natural heritage of Guilin mountains and rivers and the world irrigation heritage of Lingqu, Zhenpi rock is Guilin's historical and cultural card to show the world the "ten thousand year wisdom" of the Chinese nation.

FIVE REASONS TO CHOOSE GUET

There are 76 undergraduate majors, including 1 national comprehensive reform pilot major, 5 national characteristic majors, 6 engineering education certification majors, and the disciplines of "Engineering" and "materials science" have entered the top 1% of ESI in the world.

FIVE REASONS TO CHOOSE GUET

There are four campuses of GUET, they are Jinjiling campus, Liuhe Road Campus, Huajiang campus and Beihai campus, which are respectively located in Guilin National High Tech Development Zone, Yaoshan scenic area of Guilin city and Yin Hai District of Beihai city. The total campus area four 2,800,800 square meters. The campus is with beautiful environment and picturesque scenery, which contain a commercial street.

FIVE REASONS TO CHOOSE GUET

There are more than 3100 staffs in GUET. They are consist of , one "Yangtze scholars" special professors in the teaching staff, two Professors of "Yangtze Scholars" , six national fund for Distinguished Young Scholars, Four national talents project candidates, One Youth program of "Yangtze River scholars" , One National Excellent Youth Fund, One national outstanding professional and technical talents, Four candidates for the "hundred talents plan" of the Chinese Academy of Sciences, 7 candidates "New century" of the Ministry of human resources and education Talent support program ", Two national excellent scientific and technological lecturers, Thirty-three government special allowance expert of the National Council , 10 Guangxi "Bagui scholar" ,Eleven Guangxi excellent experts , Eight Guangxi special expert, Eleven famous teachers in Guangxi, etc. One "National University Huang Danian style teacher team" of the Ministry of Education, Three Small highland of Guangxi talents, Six Guangxi University Innovation Team.

FIVE REASONS TO CHOOSE GUET

GUET has established an international student association to fully protect the rights and interests of international students in school. There are 8 international student associations with distinct characteristics, which provide strong guarantee for students' after-school life. The dragon and lion dance team of International Students won the third place in the 11th National College Students' dragon and Lion Dance Championship in 2018, the second place in the 2019 Chinese traditional sports international championship, and participated in the ending welcoming activity and beginning cheering activity of the 2019 Geli road cycling world tour performance in Guilin. Cheerleaders, poetry reciters, and volunteer service teams have participated in various activities for many times.

The tuition, accommodation and living expenses of studying in GUET are very preferential compared with those of domestic universities. International students with outstanding achievements can also apply for "Chinese Government Scholarship" and "Guangxi government ASEAN scholarship" .

3

Discipline and Specialty

Discipline and Specialty

GUET takes the discipline construction as the leading role to promote its comprehensive development and improve its educational level. It has formed a specialized discipline system featuring electronic information and technology at bachelor, master and doctor degree level. It has 16 Guangxi key disciplines including five Guangxi advantage unique key disciplines and 70 undergraduate majors and 34 postgraduate majors.

Beautiful campus environment and wonderful learning atmosphere

Chinese taught courses (Bachelor)

Eligibility

- 1) Non-Chinese citizens in good health;
- 2) Degree and age requirements: Undergraduate programs applicants must have a high school or college degree, under 25 years of age;
- 3) Chinese Proficiency, at least HSK 4.
- 4) Applicants need to obey the Chinese laws and have non-criminal record.

Bachelor Majors (Taught with English)

Majors	Categories	Duration (year)
Electrical Engineering and Automation	Washington Accord	4
Mechatronic Engineering	Washington Accord	4
Telecommunications Engineering	Washington Accord	4
Computer Science and Technology	Washington Accord	4
Business Administration		4

Eligibility

- 1) Non-Chinese citizens in good health;
- 2) Degree and age requirements;
 - (1) Undergraduate programs applicants must have a high school or college degree, under 25 years of age;
- 3) Good English, IELTS or TOEFL at least 6.0.
- 4) Applicants need to obey the Chinese laws and have non-criminal record.

Postgraduate Majors (taught with Chinese)

Majors	Categories	Duration (year)
Mechanical engineering	Engineering	3
Optical Engineering	Engineering	3
Instrument Science and Technology	Engineering	3
Materials Science and Engineering	Engineering	3
Electronic Science and Technology	Engineering	3
Information and Communication Engineering	Engineering	3
Control Science and Engineering	Engineering	3

Theoretical Economics	Economics	3
Master of Translation	Liberal Arts	3
Law	Law	3
Art Design	Art	3

Eligibility

- 1) Non-Chinese citizens in good health;
- 2) Degree and age requirements: Undergraduate programs applicants must have a bachelor degree or college degree, under 35 years of age;
- 3) Chinese Proficiency, at least HSK 4.
- 4) Applicants need to obey the Chinese laws and have non-criminal record.

Doctorate Majors (taught with Chinese or English)

Majors	Categories	Duration (year)
Information and Communication Engineering	Engineering	3
Mechanical Engineering	Engineering	3
Machinery Science and Technology	Engineering	3
Cyberspace Security	Engineering	3

Eligibility

- 1) Non-Chinese citizens in good health;
- 2) Degree and age requirements: Undergraduate programs applicants must have a graduate degree, under 40 years of age;
- 3) Chinese Proficiency, at least HSK 4.
- 4) Applicants need to obey the Chinese laws and have non-criminal record.

Application

1. Application form for admission to Guilin University of Electronic Technology
2. Notarized highest education certificate and Translations
3. Notarized transcripts and Translations
4. Study or research plan in China (no less than 800 words, Chinese or English)
5. Physical examination form for foreigners - this form is uniformly printed by the health and Quarantine Department of China, and only for those who have been studying in China for more than 6 months, they must be completed in English. The applicant shall carry out the examination in strict accordance with the items required in the physical examination record of foreigners. The physical examination records of foreigners without items, personal photos or stamp on the photos, signature and seal of doctors and hospitals are invalid. In view of the validity period of the examination results is 6 months, please confirm the time of physical examination accordingly.
6. Chinese proficiency certificate
7. Valid ordinary passport (the validity of passport shall not be shorter than June 30, 2021)
8. 2 photos
9. No criminal certificate

Deadline

07.30

Application and Enrollment

Scan your documents and send to official E-mail: guet-overseas@guet.edu.cn, University will inform you the result by calling or E-mail and send the Pre-admission notice after examined your documents.

Long-term Chinese Learning Strengthen Courses

1 Courses Setting

Basic class, Junior class, Medium class, Advanced class

2 Term

Long term: one semester or one academic year(two semester)

Short term: no limitation.

3 Deadline

No deadline, valid for whole year

4 Characteristics of Courses

- ▶ Small group class
- ▶ Fast teaching progress and fast improvement of Chinese level
- ▶ The course is set up in accordance with HSK examination of Chinese level, with high passing rate
- ▶ Oral English and Chinese characters are offered at all levels, with equal emphasis on listening, speaking, reading and writing

5 Eligibility

- 1) Non-Chinese citizens in good health;
- 2) Applicants need to obey the Chinese laws and have non-criminal record.

Class	Training Plan	Language Courses (20-24 Class Hour/week)	Chinese Culture Class	Practice Course
Basic	Master the basic knowledge of Putonghua pronunciation and pronunciation skills, and master the level-three vocabulary (600-800) required by HSK. Basic listening, speaking, reading and writing ability, able to meet the basic needs of daily life and learning	Comprehensive, listening, Chinese characters, reading	Writing, Paper cutting, Kongfu, Chinese film , television songs, Special lecture on Culture	Cultural experience, Visiting museums, practice bases, historical and cultural attractions, etc
Junior	Master 1200 level 4 vocabulary required by HSK, good listening, speaking, reading and writing ability, and have the ability to study science and Engineering in Chinese Universities	Comprehensive, oral, listening, Chinese characters, reading, technical Chinese, etc		
Medium	Master 2500 words in HSK 5 vocabulary in Chinese proficiency test, good oral and written Chinese expression ability, and be able to study liberal arts in Chinese universities	Comprehensive, oral, listening, reading, writing, business Chinese, etc		
Advanced	Master the 5000 and above words in the vocabulary of HSK level 6 , be able to read Chinese newspapers and magazines, skillfully use Chinese to participate in various communication activities, and use appropriate Chinese according to different communication occasions	Comprehensive, oral, listening, reading, writing, business Chinese, etc		

二

Short-term Language Courses and Cultural Experienced Program

1 Courses Setting

Core courses are Oral English and Chinese culture, which combined with Chinese character lectures, Chinese culture seminars and other special lectures and Chinese culture practice activities

2 Term

No limitation

3 Characteristics of Courses

- ▶ Experiential Teaching
- ▶ The goal of language course is to master Chinese skills for daily oral communication
- ▶ The content of Chinese culture course is rich and diverse
- ▶ Matter both classroom learning and practice, abundant cultural experience activities

4 Teaching Object

- ▶ Mainly short-term exchange and visiting groups
- ▶ Separate class, more than 6 people can start a class

4

Chapter Four FEES (RMB)

1 EXPENSE

Tuition :
 Chinese learning program: ¥11,000 CNY/year
 Bachelor program: 13,000 CNY/year (disciplines: liberal arts, economics, management, law),
 14,000 CNY/year (engineering, science),
 16,000 CNY/year (art)
 Bachelor program in English: 17,000 CNY/year
 Master program: 18,000 CNY/year
 Doctorate program: 25,000 CNY/year

2 Accommodation: Dormitory

1-bed room: 8,000 CNY/year/person
 2-bed room: 4,000 CNY/year/person
 4-bed room: 2,000 CNY/year/person

3 Living expenses

Average cost of ¥800 CNY/month/person

GUET in students' view

GUET in Students' view

I'm Abid, when I came to China, am not so familiar with the Chinese culture, I'm really in love with Chinese culture now, I'm part of their school Dragon and Lion Dance Team, I traveled to Changsha with my teammates to participate in a competition. During the Spring Festival, our teachers always make dumplings with us, the Spring Festival Couplets, let's us feel the festival atmosphere, let's us stay in school during the winter vacation and we don't feel lonely. Our school is so big, the school scenery is so much and it makes me feel peaceful.

GUET in Students' view

I'm Lonely, I come from Zimbabwe, I study Civil engineering at GUET. When I first arrived in China there were things that were not similar with my home country, I couldn't speak Chinese and there were many things that I couldn't understand, the teachers provided me with a lot of help, they guided me a lot in my study and life and encouraged me to learn more Chinese and now I have passed my HSK 5. It feels good to be a student here, the atmosphere of the school is very welcoming and breathtaking, I often go to the library, the library is very big, I can find all the materials I need there. After my class, I often go to do some sports activities with class mates for example play basketball, badminton, table tennis, the school have a lot of badminton courts with football fields and basketball courts, we've some table tennis board at downstairs of our dorm. Other students and teachers treat me good, I can ask them some things that I don't know, they helped to get used to my life in China. I'm grateful to be here!
